Dear Contestant:

Welcome to Yeamans Hall Club. We are excited to host the 86th Women's Carolinas Golf Association Amateur Championship. For over 87 years, the members of Yeamans Hall have been committed to the highest traditions of the game and we are delighted to share this historic property with you.

One of the oldest golf clubs in South Carolina, Yeamans was designed by Seth Raynor and many count it as one of his best efforts. Other outstanding layouts designed by Raynor include; The Camargo Club, Country Club of Charleston, Piping Rock Club, Shoreacres, Chicago Golf Club, Fishers Island, Greenbrier, and Yale.

As contestants we hope you will appreciate the naturalness and subtleties of this fine old course and we know that you will enjoy the club's hospitality. Please take time to review our customs and traditions.

All of the staff members here at Yeamans Hall look forward to assisting you in any way to help make your time with us as enjoyable as possible. Have a pleasant visit and let us know if you should need anything.
